

## Municipality of Kincardine Quality Management System Policy

The Municipality of Kincardine owns, operates, and maintains the Kincardine, Tiverton, Scott's Point, Underwood and Armow, Municipal Residential Drinking Water Systems. The Municipality of Kincardine is committed to:

1. Ensuring a safe and consistent supply of high-quality drinking water
2. Complying with all applicable legislation and regulations
3. Maintaining and continually improving the Drinking Water Quality Management System
4. Promoting open and effective communication with ratepayers and community members concerning matters of drinking water quality
5. Protecting the environment through water conservation and resource stewardship
